EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's attorney, **Ms. Michelle R. Osinski** on Monday, January 23, 2006.

The application has been amended as follows:

In the Claims:

Claim 1, line 3, after "tube (1)", delete---**based on**---, insert---**made of**---

2. The following is an examiner's statement of reasons for allowance: After a review of the prior art of record, it is believed that the present invention is novel and non-obvious wherein no reference discloses a smooth inner tube made of a fluorinated thermoplastic and an outer corrugated layer in contact with the smooth inner tube vial the inside peaks of its corrugations, wherein the outer corrugated tube is formed of a polyamide based thermoplastic material. U.S. 5,588,468 to Pfleger disclose a tube having either smooth inner and outer layers or corrugated inner and

outer layers with the inner layer formed of fluorinated thermoplastic and an outer layer of polyamide. These two layers are not in contact with each other as there is adhesive layer therebetween. U.S. 5,727,599 to Fisher et al. teaches a corrugated outer layer formed of polyamide but the smooth inner layer is of EPDM.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Patrick F. Brinson** whose telephone number is (571) 272-4897. The examiner can normally be reached on M-F 7:30-3:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, **Michael Y. Mar** can be reached on (571) 272-4906. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
